

Webinar

Understanding Attachment Theory

This two-part webinar will serve an introduction to attachment theory. Through theoretical concepts and case studies, participants will gain a deep understanding of the foundational principles of attachment theory, its development, and practical implications. Part one will focus on the origins of attachment theory, its historical evolution, and the four types of attachment. Part two will delve into the implications of attachment styles in various areas such as employment and civic engagement, the diagnostic criteria of attachment-related disorders, and effective strategies for fostering secure attachment in individuals across different attachment styles.

Audience: *Settlement and Integration Sector Workers*
